

# SPRING ASSESSMENT TOPICS ADVANCED MATH 6

## I. Fractions and Mixed Numbers

Application, estimation and computation for all operations  
Including distributive property

## II. Measures of Central Tendency

Mean, Median, Mode and Range

## III. Ratio, Unit Rate, Proportion and Percent

## IV. Measurement Customary and Metric

## V. Geometry

Area of Parallelograms  
Area of Triangles  
Area of Trapezoids  
Area of Circles  
Perimeter of polygons  
Circumference of a circle  
Transformations

## VI. Integers

## VII. Algebra: Solving Equations and Inequalities; Graphing and Functions
